

Affordable Textbook\$ for Your Student\$

DID YOU KNOW...

- you impact the price your students pay for their books
- you can help reduce the price by submitting textbook requisitions by the due date
- timely adoption of books, will enable the bookstore to buy them back at a higher rate & sell them as used at a reduced rate
- bundling your materials may increase the cost to students by limiting their ability to purchase used books
- timely submission of your textbook requisitions better ensures course materials will be available for 1st day of class
- making late changes to your orders can increase the cost to students
- selling price of all course materials must be listed on the district's website by July 2010
